

Ripple Kids Project #2 – Collect Donations for our Food Pantry

Last year, Project Hope Alliance gave out 2,214 bags of groceries at our food pantry. These bags help our families to focus their money on housing and utilities while keeping their kids well fed! Our pantry is stocked by donations from individuals like you.

How to Help

1. Download the food pantry wish list from our web site.
2. Take the list with you to the grocery store and look over the items with your children. What items do you want to buy for our pantry? When picking out the items think about what you like to eat. The kids Project Hope Alliance serves are just like you, so they might like the same types of food, too!
3. Fold over the top of the bag and seal with some colorful duct tape or using a stapler. Make as many snack bags as you would like!
4. Once you are done, call Adriana at (949) 791-2716. She will help you set up a time to come into the offices. Bring your groceries with you to donate. You can spend some time helping in the food pantry and putting your awesome grocery gifts onto the shelves!

TIP: Check out #FoodPantryFriday on Instagram and Twitter for recommendations on what we are low on.
